Action Taken Report of Feedback Analysis

2020-21

Academic year 2020-21 was affected by Covid -19. During this pandemic period we conducted the classes through online mode. Faculty members they delivered their lectures through online method. As per the directions of Government of Maharashtra and Swami Ramanand Teerth Marathwada University Nanded through their circular, from 12th February 2021 offline mode of teaching started. Therefore we collected the feedback data from our students.

The feedback committee collected four types of feedback from Students that are 1) Students Feedback on Institution 2) Students Feedback on Curriculum 3) Students Feedback on Syllabus and 4) Teacher's Evaluation. After collection of feedback, feedback committee analysed the feedback under the supervision of the IQAC Committee and Principal of the College.

The feedback analysis report from students reveals that they are satisfied with the facilities that institution provides them. Students' feedback on curriculum also reveals that curriculum of the syllabus contents and learning resources are also good. Students' evaluation on teachers' performance is also good. Students made their evaluation based on the contents like Extra-Curricular Activities, Skill development courses, focus on environmental studies and examination pattern of the present scenario.

The analysis report confirms that, the majority of the students are reported that they are happy with the facilities available on the campus. They are satisfied with the development of the college. Still some of the students suggest that they need some improvements during their course of the study.

1. Skill Development courses should be introduced.
2. Provide Library facilities such as Drinking water, computer and chairs.

We have discussed these suggestions in the IQAC Meeting in the presence of Principal of our college, these suggestions have taken seriously and it is decided that:

- 1) Principal of the institution will take note and inform to the Management to introduce such new courses.
 - 2) Principal of the institution will take necessary action to provide such facilities.
- It has been decided that to improve the students strength from this academic year.
